TEXAS BACK INSTITUTE OPENS NEW CLINIC IN ROCKWALL

Location is sixth facility in Texas

PLANO, Texas (January 14, 2008) – Texas Back Institute (TBI), one of the largest freestanding spine specialty clinics in the United States (www.texasback.com), opened its sixth clinic in Texas today. For nearly 30 years, patients have relied on TBI for the most-advanced surgical procedures and conservative care.

The new clinic is located in the Rockwall Medical Center at 1005 W. Ralph Hall Parkway, Suite 227. The state-of-the-art facility is 5,000 square feet and includes amenities such as WiFi for patients and flat screen televisions in the lobby.

The following physicians are on staff at the clinic for surgical consults, conservative care and chiropractic care:

Rey Bosita, M.D. (Spine Surgeon)
Dan Bradley, M.D. (Spine Surgeon)
Nayan Patel, M.D. (Physical Medicine and Rehabilitation, Conservative Care)
Craig Lankford, M.D. (Physical Medicine and Rehabilitation, Conservative Care)
Darran Marlow, D.C. (Chiropractic Care)
Ralph Stokes, D.C. (Chiropractic Care)

“Rockwall is one of the fastest growing cities in the country,” said Richard D. Guyer, M.D., spine surgeon and president of Texas Back Institute. “We are excited about expanding to the area, and offering our exceptional care and service to the people that live in the surrounding communities.”

Address and contact information for the clinic is:

Texas Back Institute, Rockwall
Rockwall Medical Center
1005 W. Ralph Hall Parkway, Suite 227
Rockwall, Texas 75032
Phone: (972) 772-8767

About Texas Back Institute

Texas Back Institute, one of the largest freestanding multispecialty spine clinics in the United States, was established in 1977 and provides comprehensive medical care for back and neck pain. Texas Back Institute is a back care leader specializing in spinal arthroplasty, minimally invasive spine surgery, degenerative disk disease and spinal deformation. As an academic health care organization, Texas Back Institute has trained hundreds of physicians, scientists and allied health professionals. Its research institution employs state-of-the-art technology and is involved in many clinical trials, including artificial discs. Texas Back Institute’s professional staff includes board-certified spine surgeons, general surgeons, internists, physiatrists, pain specialists, exercise physiologists, and a team of physical and occupational therapists. Texas Back Institute has locations in Dallas, Denton, Fort Worth, Mansfield, McKinney, Plano, Rockwall, Trophy Club and Wichita Falls, Tyler, Odessa, Texas, and Phoenix and Gilbert, Arizona.
