40+ female orthopedic spine and neurospine surgeons in the US Featured

By Shayna Korol | Thursday, 08 March 2018 21:34

Social sharing 

March is national women's history month, and March 8 is International Women's Day. Female spine surgeons are one group of women excelling in a traditionally male-dominated field.

Here are 40+ female spine surgeons in the U.S.

If you would like to recommend an addition to this list, please contact Shayna Korol at skorol@beckershealthcare.com.

Becker's 16th Annual Future of Spine + Spine, Orthopedic & Pain Management ASC Conference registration is now open. Learn more about the biggest business and clinical trends in orthopedics and spine at the event, June 14-16 in Chicago. For exhibitor and sponsorship opportunities, contact Maura Jodoin at mjodoin@beckershealthcare.com and Kristella Khazzaka at khhazzaka@beckershealthcare.com.

Jessica Aidlen, MD, orthopedic spine surgeon at Newton-Wellesley Hospital in Newton, Mass., specializing in disc herniations, spinal stenosis, cervical spine problems, spine trauma and back problems in athletes.

Dheera Ananthakrishnan, MD, orthopedic spine surgeon at Emory Healthcare in Atlanta specializing in adult and adolescent scoliosis.

Carmina Angeles, MD, PhD, neurosurgeon at the NeuroSpine Institute in Eugene, Ore. who specializes in minimally invasive techniques, complex decompression and stabilization for tumor, vertebral body fractures and degenerative scoliosis.

Jamie Baisden, MD, neurosurgeon at the Medical College of Wisconsin in Milwaukee who specializes in complex spine surgery.

Erica Bisson, MD, neurosurgeon at University of Utah Health Care in Salt Lake City specializing in artificial disc and fusion technology.

Kara Beasley, DO, neurosurgeon at Boulder (Colo.) Neurosurgical & Spine Associates specializing in movement disorders and epilepsy. Her research focuses on spinal technology safety.

Robin Bowman, MD, neurosurgeon at Ann & Robert H. Lurie Children's Hospital of Chicago specializing in brain tumors and spina bifida.

Evalina Burger, MD, orthopedic spine surgeon at University of Colorado Hospital in Aurora who specializes in spinal deformities, spine injuries, neck disorders and spine fractures.

Lauren Burke, MD, orthopedic spine surgeon at Loyola University Medical Center in Maywood, Ill., specializing in scoliosis, spinal disc disease and cervical lumbar disc disorder.
